## NO DATE SET YET FOR FOX'S TRIAL

Hardman's Alleged Accomplice  
In Renaker Murder Still  
Protests His Innocence

Winchester, Ky., Aug. 18—No date for the examining trial of Reese Fox, arrested Wednesday on a charge of conspiracy in the murder of Leon Renaker, has been set. It is expected that attorneys for the defendant will meet with County Attorney H. H. Moore Friday to arrange a date.

Fox has regained the composure which he lost yesterday when he was placed in jail here. He talked freely about the case, but declared that he was in no way connected with it. Fox was allowed communication with no one outside members of his family and attorney except in the presence of the jailer, following an order to this effect issued by Judge R. S. Scobee at the request of County Attorney Moore. This order was issued as a result of communication said to have been established between Hardman and Fox through a friend.

Fox broke his ankle last week while playing on the baseball team of the First Baptist church and is now walking with a cane. He is comfortably established in a large cell on the third floor of the jail, called the "bridal suite." Hardman is on the second floor.

G. F. Wycoll, one of Hardman's attorneys, who has been retained to defend Fox, conferred with his client for an hour.

Circuit Judge W. R. Shackelford, who has been in Europe for his vacation, will return in time to open court here the second week in September. This session is of unusual interest as there will be at least four murder cases on the docket.

Detective Ora Slater, of Cincinnati detective agency operative, is still in Winchester and will continue to work on the case, he said.

Detective J. W. Glane, of the Pinkerton agency, who has been here for a week or more representing an insurance company, left town without making any public statement as to the result of his findings.

## PAINT LICK MAN'S FATHER SHOT TO DEATH

Paint Lick, Aug. 18. W. M. Noland was called to his home near Somerset the past week on account of his father being shot and dangerously wounded, only living a few hours after the accident.

Mr. J. C. Wheeler, of Marshalltown, Iowa, is the guest of Miss Bennie Metcalf, of this place.

Miss Nellie Scott and Miss Jessie Mae Hammack were weekend guests of Mr. and Mrs. R. E. Ralston.

Mr. and Mrs. T. E. Price entertained at dinner Sunday in honor of their guests, Mr. and Mrs. Eugene Broadbuss, of Danville, and Mr. and Mrs. Nathanial Cotton, of Kirksville.

Many entertaining concerts, lectures, sermons, etc. from different cities are being received over the radiophone constructed and operated by William Scott at his home.

Mr. and Mrs. T. K. Price were chaperones of a riding party Friday evening, given in honor of Mr. J. C. Wheeler, of Iowa, the guest of Miss Bennie Metcalf. The party consisted of eight couples.

The culling demonstration held last week in this end of the county was attended by small but very interested crowds. Every one seemed to enjoy Mr. Smith's address very much and we heard several say that they thought they could do their culling after watching and listening to him.

Mr. and Mrs. R. J. Walker, of Danville, were guests of Mr. and niece, Mrs. Callaway, and children and Messrs. Arch Walker, Jr., and J. N. Denny attended Stanford fair.

Bryantsville played Point Leavell on Paint Lick ground Saturday, Bryantsville winning 8-7. Rev. Hughson filled his regular brother, Mr. R. J. Walker, left appointment at Mt. Tabor Sunday and was the guest of Mr. and brother in Indiana.

## Big Suit In Estill

Irvine, Ky., Aug. 18.—J. Fred Miles, of Lexington, vice president and general manager of the Swiss Oil Corporation, Wednesday filed a suit in Estill circuit court against the United Oil Co. of this city and Cleveland, Ohio, for \$7,500. The suit is the outgrowth of a transaction in oil properties in 1917, and there is a formidable array of legal talent on the side of the plaintiff, the attorneys being Franklin, Talbot and Chapman, of Lexington; Judge E. C. O'Rear, Frankfort; Hazelrigg and Hazelrigg, Frankfort, and E. L. McDonald, of Lexington.

## CORBIN TROUBLE FINALLY ADJUSTED

Corbin, Ky., Aug. 18.—The walkout of members of the "big four" brotherhoods on the Cumberland Valley division of the Louisville and Nashville railroad was ended at 4 o'clock Thursday afternoon.

The trainmen at a called meeting of the unions agreed to accept a settlement negotiated by committees of the brotherhoods and railroad officials. The men at once began preparing to take out their trains.

Three high points of the agreement under which the trainmen returned to work were given by union members who attended the meeting. These were:

Guards maintained by the company are to be stationed on the outskirts of the railroad's property and are not to be permitted to congregate in groups.

One guard whose duty it is to challenge men as they enter the roundhouse to work must not be armed.

The men are to be given greater leeway in determining what equipment is defective.

Approximately 1,200 trainmen walked out on this division Monday, declaring their safety was menaced by the actions of company guards and the defective condition of equipment.

The walkout centered at Corbin, where about 1,500 shopmen continue on strike, and bottled up the great non-union Bell and Harlan coal fields of Eastern Kentucky which, prior to the cessation of work by the trainmen, had been furnishing a capacity movement of fuel to northern points.

Mining camps and towns along the division already had reported that a severe shortage of food was imminent.

"Big Four" brotherhood men said the agreement met virtually every one of their demands.

Passenger train No 23 left here Thursday afternoon for Norton Va., the first train to be operated with a union crew since Monday.

Mr. Nat Pruitt, Rev. Cunningham, of Berea, preached in the evening.

There will be an all-day rally at the Christian church Sunday, August 20th, for the Christian Endeavor societies of Garrard County. Quite an interesting program will be put on beginning after Sunday school.

Mrs. G. C. Goodman spent last week end at Berea.

Miss Stella West was a guest Sunday of Miss Cynthia Pruitt. Mrs. Tom Ballard and Mrs. Mat Darrell are visiting Mrs. Will Hurt.

Miss Ida Hurt and Mrs. W. T. Green spent the week end with Mrs. Wm. Hurt.

Mr. and Mrs. Ollie Boian were afternoon visitors at his father's, Sunday.

Mr. and Mrs. L. H. Davis were Sunday visitors of Mr. and Mrs. Sam Davis, Sr.

Mrs. Martha Mitchell, of Villa Grove, Ill., is visiting her sister, Mrs. John Pennington.

Mrs. Mary Highland, of Covington, spent several days with her mother and sister last week.

Master Saufley Hughes, Jr., of Lancaster, is visiting his grandmother, Mrs. Fannie Francis.

Mrs. Welsh and Prof. Crook, of Danville, were guests of Mr. and niece, Mrs. Callaway, and children and Messrs. Arch Walker, Jr., and J. N. Denny attended Stanford fair.

Mr. and Mrs. Ed Hulett and baby were guests Sunday of her parents, Mr. and Mrs. Will Hurt.

Mr. Arch Walker, of Princeton, played Point Leavell on Paint Lick ground Saturday, Bryantsville winning 8-7.

Rev. Hughson filled his regular brother, Mr. R. J. Walker, left appointment at Mt. Tabor Sunday and was the guest of Mr. and brother in Indiana.

## MORE POWER TO R. R. LABOR BOARD

### Is Urged By President In Message To Congress—Other Recommendations

By Associated Press

Washington, Aug. 18.—President Harding addressed Congress today on the industrial situation. He declared the right of employers alike to conduct their business, must be recognized. He also deplored what he termed the warfare on unions of labor. The President declared a national investigation for constructive recommendations as to conduct of the coal industry is imperative and recommended a government commission to advise as to fair wages and conditions.

Immediate legislation to establish temporarily a national coal agency with necessary capital to purchase, sell and distribute coal was also urged by the Executive. Stating that the Esch-Cummings act is ineffective, the President recommended action to make the Railroad Labor Board's decisions enforceable and effective against the carriers and employees alike.

Discussing the coal situation,

the President called the Herrin, Ill., shooting "shocking crime and butchery of human beings wrought in madness." Other than an amendment to the Esch-Cummings law, the President did not recommend any legislation to deal immediately with the railroad strike. He told Congress he was resolved to use all the power of the government to maintain transportation and sustain the right of men to work. "Government by law," the President said, "must and will be sustained, no matter what clouds gather; what storms ensue; what hardships may attend or what sacrifices may be necessary." He added "Surely the threatening conditions must impress Congress and the country," and asserted in conclusion that neither the railway executives, nor the unions will be permitted to choose a course which so imperils the public welfare.

Can't Be Settled Today

By Associated Press

New York, Aug. 18.—Warren S. Stone, head of the Brotherhood of Locomotive Engineers, stated today after attending the conference between the Brotherhood men and railroad executives that no definite settlement of the shopmen's strike will be reached today. Previously Stone told the Brotherhood conference the strike must be settled.

The Brotherhood leaders, acting as mediators after their conference with railroad executives, went into session with the heads of 16 stationary crafts. Nothing was given out indicating what progress was made.

### Prospects Not So Bright

By Associated Press

Washington, Aug. 18.—Secretary Watson over the long distance telephone from New York today said prospects for settlement of the railroad strike are not so bright as they appeared prior to today's conference between the railroad executives and Brotherhood representatives. He indicated the Brotherhood apparently is showing less inclination to accept compromise proposals on the seniority question.

Miss Ida Hurt and Mrs. W. T. Green spent the week end with Mrs. Wm. Hurt.

Mr. and Mrs. Ollie Boian were afternoon visitors at his father's, Sunday.

Mr. and Mrs. L. H. Davis were Sunday visitors of Mr. and Mrs. Sam Davis, Sr.

Mrs. Martha Mitchell, of Villa Grove, Ill., is visiting her sister, Mrs. John Pennington.

Mrs. Mary Highland, of Covington, spent several days with her mother and sister last week.

Master Saufley Hughes, Jr., of Lancaster, is visiting his grandmother, Mrs. Fannie Francis.

Mrs. Welsh and Prof. Crook, of Danville, were guests of Mr. and niece, Mrs. Callaway, and children and Messrs. Arch Walker, Jr., and J. N. Denny attended Stanford fair.

Mr. and Mrs. Ed Hulett and baby were guests Sunday of her parents, Mr. and Mrs. Will Hurt.

Mr. Arch Walker, of Princeton, played Point Leavell on Paint Lick ground Saturday, Bryantsville winning 8-7.

Rev. Hughson filled his regular brother, Mr. R. J. Walker, left appointment at Mt. Tabor Sunday and was the guest of Mr. and brother in Indiana.

## "SHACK" AND "TONY" EXPECTED HOME

## Z. A. BOEN'S HOGS AND HORSE POISONED

Their friends are expecting to see Judge W. R. Shackelford and family and Attorney A. R. Burnam to reach home most any day. It is understood that they sailed together on the Mauretania from Europe after several months on the continent. A local friend of Mr. Burnam, who heard from him the other day, sent the Daily Register this:

Hon. A. R. Burnam, Jr., has been in and is having a great trip in Europe. He is an observer and is making the trip to see and learn. But he has not been so engrossed to forget his friends at home and has written to many of them in the progress of his trip. In one of his recent letters dated July 29, while he was in Germany, Tony in part says:

"Berlin and all Germany present a very anomalous situation—no real currency, but prosperous. Food and clothing in Berlin only 1/3 of what they are in Amsterdam which is only 2 hours' ride from German boundary."

This is a remarkable example of where money and high prices do not make for prosperity. But how long will or can this last?"

## LEXINGTON BREWERY PERMIT REVOKED

By Associated Press

Lexington, Ky., Aug. 18.—The Lexington Brewing Company's permit to manufacture cereal beverages was revoked today at State Prohibition Headquarters. The government charges the brewery has been making illegal beer.

## Genevieve Ward Dead

By Associated Press

London, Aug. 18.—Genevieve Ward, famous American tragedienne, died of heart failure today at her home in Hampstead.

## Bourbon Boy Killed

By Associated Press

Paris, Ky., Aug. 18.—Ruby Cooper, aged 17 years, was killed Thursday by a cave-in of a culvert on the Georgetown road near Clintonville, where he was employed by the county road mission. He was buried under a large lot of earth that accompanied the cave-in.

## BUFFALO

Mrs. Perry Carr, of Lexington, has been visiting her sister, Mrs. Alice Tribble, and family.

Mrs. Arch White spent last week with friends near Valley View.

Mrs. M. G. Biggerstaff spent Saturday night and Sunday with her parents, Mr. and Mrs. Wm. Wheeler, of Richmond.

Mr. and Mrs. Jesse Hale and daughter, Dr. and Mrs. H. G. Sandlin and Mr. and Mrs. Tunnell Lowry and son were Sunday guests of Col. and Mrs. Hale.

Our school is progressing nicely with good attendance.

## WHITE HALL

Miss Coburn Hill has returned to Ravenna after spending a month with relatives here.

Miss Sallie Munday and Mrs. Joyce Burgin, of Winchester, spent the week end with Mr. J. W. Shearer and family. They joined Mr. and Mrs. James Munford at Boonesboro for a two weeks' camp.

The feature of Friday evening's program will be the address by Col. Roscoe Conkling Simons, the famous colored orator of Chicago.

## Arrival Of A Son

Many friends have good wishes for the son of Mr. and Mrs. Robert Duncan, of Linwood Blvd., Kansas City, formerly

Miss Hattie Lee Million, of Richmond. He is called Robert Gatewood.

The State Circuit and County Clerk's Association will meet next year at Estill Springs. J. A. Moneyhan, of Bracken county, was elected president.

Miss Taska Dunn is visiting friends in Stanford.

Mrs. Sallie Evans and Miss Nannie Williams were hosts to spend the day Sunday. A bountiful lunch was served. Five generations of the Williams family were present. Those who attended were: Mrs. Samuel Parrish, Mrs. R. B. Boston, Mr. and Mrs. P. Boston and children, Miss Emma Burgin, of Versailles, Mr. A. M. Reed, Mrs. Chas. Shaw, Mr. and Mrs. P. W. Deatherage, Mr. Tom Williams, Mr. and Mrs. Virgil Chapman, Mrs. Byrd Deatherage and son, Miss Jennie Bunton, Mr. and Mrs. J. W. Parrish and Mr. Lewis Duncan.

## HOSPITAL UNIT

## IN CAMP LIFE

The Richmond Hospital Unit of the National Guard, in camp at Camp Knox, has appointed Sergeant Joe Reeves and Private

Terrill and McKinney correspondents for the Daily Register of the company while in camp. The first letter is as follows:

"The 15th arrived in Camp Knox at 2 p. m. Sunday, August 13th. They were assigned to quarters and began army life with a real supper that Sergt. Reeve had waiting them.

"It's none of your damn business, is it?" the negro surlily replied. Mr. Boen says,

LaGrange, Ky., Aug. 17—Scrub breeding animals will be a thing of the past in a few years in Oldham county if farmers in this section of the state maintain the pace which they are setting in the "Better Sires—Better Stock" campaign being conducted in Kentucky by the College of Agriculture. County Agent Gordon E. Nance says. At the present time 104 farmers from this county are enrolled. The latest progress report on the campaign from the United States Department of Agriculture shows that only 13 counties in the entire country have more than this number enrolled in the move-

**Oldham Hardware Co.****U. S. GUARDS HELD FOR BIG BOOZE THEFT**

Frankfort, Ky., Aug. 15—Walter B. Camp, store-keeper-ganger; Lloyd Simpson and James C. Milton, warehouse guards at the Dedman Distillery, Mercer county, and Grover C. Grace, ferryman at Oregon, where the distillery is located, were held to the Federal Grand Jury today under \$5,000 bond by Charles N. Wiard, United States Commissioner, on charges of being responsible for the disappearance of 3,000 gallons of whisky, alleged to have been removed from the warehouse since April.

Three thousand gallons of whisky had been removed from barrels in the distillery according to P. Green Miller, of Louisville, district prohibition officer. The estimated value of the stolen liquor was \$180,000. Prohibition Officer Jerome Tarter said he found the inside barrels on the racks in the upper stories of the distillery nearly empty, but the end barrels nearly full. There were 325 barrels and he believed half the liquor gone. He made his inspection July 27. He said it was one of the best warehouses he had seen and both he and Miller testified that there was no evidence that whisky had been removed any other way than through the door.

Mrs. Joseph Holman testified that she heard two automobile engines in the Dedman Distillery yard about 1 o'clock. Omer Holman, her son, said that while on his way home with other young men he passed three machines, all big ones, one near Salvisa, another going in that direction and another entering the distillery yard between midnight and one o'clock. They hid in the bushes while this one passed. They saw Grace, the ferryman. Holman said, on the Oreg side of the river and talked with him. Ben Moore, returning from a fox hunt late that night, also passed two big machines on the Salvisa-Oregon road, he said.

Mr. Filburn believes that manual training in the high school is a great help in that if it ever is necessary for the boys to do manual labor they will not have to push wheelbarrows.

Many clerks during the war found themselves face to face with common labor jobs when hostilities ceased, the state labor inspector said. There was no demand for inside workers, and many clerks, having no knowledge of any trade, were forced to go to work with a pick and shovel.

Mr. Filburn believes that manual training in the high school is a great help in that if it ever is necessary for the boys to do manual labor they will not have to push wheelbarrows.

Mrs. Sue Lancaster, who works in the bottling plant said she was awakened about 1 a.m., May 20, by the sound of a bung starter striking a barrel at the distillery.

Virginia Holman, who also is a bottler, said she heard a bung starter the night her brother was at Salvisa and saw an automobile light in the distillery yard but the lanterns about the premises were out.

**A TRUE RAT STORY**

Auburntown, Tenn., Aug. 22, 22.

Stearns Electric Paste, Co., Chicago, Ill., Dear Sirs: Mr. Robert T. Donnell of Auburntown, Tenn., came in our store the other day and wanted something to kill rats. I told him about our new Rat Paste. And he put some paste on biscuits that night and the next morning when he took them out the rats seemed right. He put out four more biscuits with paste on them, and the second morning he found seventeen more rats, making a total of twenty-one rats, eaten two nights, and there were lots more that he did not find.

To kill rats, just eat rats, but nevertheless it is so. Just thought would write to let you know that your paste is good.

Respectfully, KENNEDY BROTHERS.

**Common Sense About Eczema and Eruptions!**

Here's Something About S. S. That You'll Be Glad to Hear.

You might just as well know now—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting around it. Get rid of it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't com-

mon sense to simply treat the skin. Non-sense is to apply ointments to your skin, especially in your blood. S. S. is a scientific blood cleanser—it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blisters and other skin eruptions. When these impurities are removed, you can't stop several very nice things from happening. Your lips turn naturally red. Your eyes sparkle, your complexion improves. It is beautiful how your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion looks the real kind that the world wants to see. S. S. is also a powerful body-builder because it builds new and more blood-cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps round out flat chests. In coats, too, to have this happen to you, S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

**MADISON TEACHERS HAVE FINE MEETING**

The Madison County Teacher's Association met at the Court House Saturday. The following officers were elected for the year 1922 and '23.

Chaplain—Mr. Ober Richard-

son: President—Stanley Powell.  
Vice President—Neal Bowman  
Secretary—Miss Margaret Douglas.

Committee on Program—Miss Louisa Risk, Miss Myrtle Dalton, Mr. Rufus Click, Mr. C. W. Whittaker.

Committee on Music—Miss Mollie Powell, Miss Susanna Schultz, Mrs. Otto Jett.

The devotional exercises were conducted by Mr. Ober Richardson. His talk on "The Real Teacher" was truly an inspiration to all who heard it.

Supt. B. F. Edwards in his address urged that the teachers enter upon this new year of work with spirit of a true teacher. He emphasized the fact that all schools must open promptly at 8 o'clock and that each teacher must teach six hours each day exclusive of recess periods.

On the round table discussion many interesting reports came from various parts of the county. The high schools are crowded to over-flowing.

Mrs. Berneice Kindred reported that in a district of 38 she has enrolled in school 60 pupils. W. A. Johnson, of Berea, who has already proved to be a competent, wide-awake truant officer is to be in Madison again this year. In a recent letter from State Superintendent—Colvin, he says that he was urged to enforce the compulsory school law even more stringently before.

Never before has such school sentiment been shown over the county and from every indication it seems that this will be a banner year for the schools of Madison. The next meeting will be held Sept. 9th, 9 a.m. Every teacher in the county is expected to attend this meeting. There will be no afternoon session.

**BOOZE**

This is a day to get drunk. This is the day for a revel. All things are sober and sad—Let it all go to the devil! Bills are piled high on my desk. Others will be there tomorrow. Fill up a glass that is tall. Drink is for trouble and sorrow.

Drink will remind me that I Once have been young and light-hearted.

Whisky will bring back a day That long ago has departed. Whisky will make me forget Hair that is rapidly thinning—Eyes that are yellow and dull Dull from the work and sinning.

Fill up a glass that is tall. Living is only a bubble, What do I care for it all? Drink is for sorrow and trouble. Let's drink the trouble away—Throw off the shake and the quiver;

Then at the end of the day Just a long sleep in the river.

**HEARD ABOUT TOWN**

Dr. W. W. Landrum, of Russellville, who often visits the Hangers here, has reached Louisville on his way home from London, England, where he attended a meeting of the executive committee of the Baptist World Alliance. Dr. Landrum, who is a member of the committee, together with Dr. Edgar Y. Mullins, of Louisville, president of the Southern Baptist Theological Seminary, represented the Southern Baptist convention at the meeting. In an article prepared for the Western Recorder, Dr. Landrum criticizes what he termed a "bootlegger." He said whisky was sold on the steamer going over, after it passed the three mile limit. The title of his article is "The Devil of the Deep Blue Sea." Dr. Landrum contends that it is not necessary for the government to permit whisky sales on its ships in order to compete with British or foreign-owned vessels, citing the fact that very few passengers on the ship avail themselves of the privileges offered in the saloon.

The Stanford Journal says: The city council took a crack at pool rooms and tent shows at its meeting last night and it is safe to say that Stanford will have few any of such after the present pool tables licenses expire. The license on pool tables was increased from \$50 to \$200 on the first table and \$100 on each additional table. Tent shows will hereafter pay \$100 per day instead of \$25. This includes, of course, circuses, and our people will have to seek greener fields to witness them or go without.

The Winchester Sun says: Barry Renaker, of Cynthiana, has closed a deal for the lease of a building in this city which he will occupy early in the fall when he will enter the poultry business here. He is a brother of the late Leon Renaker, and is at present engaged in the poultry business in Cynthiana, and is associated in other sections of the state in the conduct of various branch offices that Barry Renaker conducts at present.

**INDIAN GIRL HAS \$1,000 A DAY INCOME**

(By Associated Press) Muskogee, Okla., Aug. 18—Unlike many others of her tribe whose extravagances have added many interesting chapters to Oklahoma's oil industry, Exie Fife, a Creek Indian of 19 years, who became rich overnight, declares she will never forsake the simple life. Exie's royalty from her oil lands in the Bristow field approximates \$1,000 a day now. Only last May Exie had but \$5.06 on deposit with the Indian agency where her affairs are administered as she is restricted Indian.

The first well that came in on Exie's allotment made 3,000 barrels. Two weeks ago a well making 2,000 barrels a day was brought in. Four others are in the course of drilling.

Exie has been granted \$500 a month allowance by Major Victor M. Locke, Jr., superintendent of the Five Civilized Tribes, but that is the only evidence she has so far given of spending her royalties. Miss Fife's tastes are extremely modest. She dislikes jewelry and extreme styles and does not care to travel.

At present her greatest desire is to furnish her widowed mother and her brother with a modern home. The Indian Agency is now having plans drawn for the house. Exie and her family now occupy a two room box house at Fane, a little settlement in McIntosh county. It will soon make way for a six-room bungalow.

**Federal Agent Said To Have Tipped Bartender**

Louisville, Ky., Aug. 16—In the wake of whisky raids there came the report that J. L. Asher, federal prohibition officer, would complain to W. Sherman Ball, United States district attorney, that a federal deputy officer warned a soft-drink proprietor on East Main street that the raid was about to be made.

Mr. Asher charged, according to the report, that the deputy was standing in front of the stand and that as the automobile bearing the raiding party approached, he rushed into the room from which number of men escaped, and then came out, riding away in an automobile.

Henderson county paid into the state treasury \$160,360.84 in the form of taxes of various kinds in 1921.

McCracken county automobile owners paid \$43,462.95 into the state highway fund in the form of automobile license fees in 1921.

**DROUGHT HURTING CROPS OVER STATE**

Louisville, Ky., Aug. 18—The first half of the week was cool, but temperatures rose above normal toward the end. Only a few local showers occurred. Drought became intensified in the northeastern and extreme western counties and is spreading into the central district. The need for rain is more acute in the north half of the state. In the west central counties there has been practically no rain for two weeks, while the region west of the lower Cumberland has received no rain for more than three weeks. In the dry district, which now includes about half of the state, the growth of late corn and tobacco is being retarded and the condition of these crops is critical. Unless good rains come soon, the yields will be materially reduced. In the southern half of the state, also in a narrow belt along the Ohio river, extending from Hancock county, early corn and tobacco made good progress and are generally in good condition. Early corn will mature without further rain, but early tobacco has not spread well and would be helped by rains except where it is badly "fired." Very little burley tobacco has been cut in localities where moisture has been sufficient to keep it growing but premature cutting of "fired" tobacco is proceeding in the dry areas. Cutting is well started in the "dark" district; and the weather has been decidedly favorable for air curing. Hill pastures are becoming short generally, and in the dry districts they are practically burned up. Alfalfa looks well, also cowpeas and clover, although needing rain. Gardens and late potatoes are suffering from rain. Dry soil prevented progress with fall plowing.

Meteorologist.

**STILL A LOT OF REAL BOOZE IN STATE**

(By Associated Press) Frankfort, Ky., Aug. 16—A total of 418,002.65 gallons of whisky were removed from Kentucky warehouses during the four months ending April 30, according to reports made to Auditor of Public Accounts, John J. Craig, by owners of the warehouses. The reports include every warehouse in the state except that of the Rugby distillery which has been seized by the United States government.

The removals during the first four months of the year, which are revealed in the reports made every four months, totalled 12,224 barrels. On this the state received \$20,310.34 in taxes. Whisky in Kentucky is subject to three taxes besides the license fee charged distilleries. Two of the levies go into the general funds of the state treasury and the third goes into the state road fund.

The first tax is the property tax which last year was assessed on the basis of \$60 a barrel valuation for the whisky. The second is a tax of two cents a gallon on every gallon withdrawn from the warehouses. The third is the road tax which amounts to one and eight-tenths cents a barrel per year.

Taxes on whisky are not paid annually but are allowed to accumulate until the whisky is withdrawn from bond and the United States government tax paid. Some of the withdrawals during the first four months of this year were subject to state taxes for as far back as ten years. The property tax netted \$11,955.95; the two cent tax \$8,146.84 and the road tax \$209.58 during the period for which the report was made.

The Kentucky Distilleries and Warehouse Company of Louisville, which owns warehouses scattered throughout the state, reported total withdrawals from its stock of 1043 barrels or 41,090.26 gallons. The largest withdrawal from any individual warehouse during the period was 1022 barrels or 33,005.95 gallons from the Hill and Hill Warehouse at Owensboro. R. E. Wathen, of Louisville, reported withdrawals of 989 barrels or 36,090 gallons. W. A. Gaines & Company, Frankfort, reported 676 barrels, containing 24,835.50 gallons disposed of.

**GERMAN NEWSPAPERS FACE EXTERMINATION****HAS THANKSGIVING EVERY DAY**

(By Associated Press) Washington, Aug. 18—German papers are facing extermination according to a report to the Commerce department today from Commercial Attaché Herring in Berlin. Enormously increased cost of operation, he said, together with the impossibility of increasing subscription and advertising rates proportionately have brought about a crisis in the German newspaper world and already 177 newspapers have closed down their plants permanently.

Printers' wages, the attaché reported, have increased 2,100 percent over the pre-war levels, the price of newsprint paper has advanced more than 800 percent, the cost of machinery, printers' ink and other supplies has jumped about 40 times over pre-war rates, and the great increase in the postal, telephone and telegraph service has severely affected the publishers.

On the other hand, he said, the subscription price of German newspapers has had an average increase of only about 1,900 percent while it has been impossible to advance publishing rates to compensate for present operating costs without affecting the volume of business.

The suggestion has been made that the government reduce taxation affecting newspaper costs or that the press be subsidized through the Minister of Education to prevent the detrimental effect upon the nation of the loss of an active and efficient press service.

"It is, of course, difficult," Mr. Herring said, "for German newspapers to maintain an adequate foreign staff, particularly in high exchange countries. Unless the conditions improve, the German people may eventually become largely dependent upon the foreign news services of the Entente and other foreign countries for their international news."
